

Pre-mix Operator

Belstra Milling Company is a world-class feed manufacturing facility, our headquarters is located in DeMotte, Indiana. We are currently in search of a self-motivated, detail-oriented pre-mix operator to work within our brand new state of the art pre-mix plant. This opportunity is for a reliable individual to work for a company that offers competitive wages, insurance benefits, retirement plan, earned time off, clothing allowance, and paid holidays. The ideal candidate would also embrace and support our core values: integrity, quality, and service.

Job Duties and Requirements (including but not limited to the following):

- Inventory control
- Accurately read feed formula tickets
- Measure by hand certain feed ingredients and set up orders
- Maintain cleanliness and organization of warehouses
- Manufacture feed in accordance with quality assurance policies, SOPs, and current GMPs
- Sample ingredients and perform quality assurance tests
- Perform preventative maintenance on equipment
- Perform routine housekeeping
- Operate a forklift
- Strong communication skills
- Capable of completing tasks correctly while focusing on quality, service, and safety

Physical Demands:

- Lift at least 60-pounds
- Climb ladders and stairs and work at heights with good body balance
- Occasionally stoop, bend, crouch, kneel, etc.
- Work in a dusty environment
- Withstand exposure to seasonal weather conditions
- Ability to work in a fast-paced production environment

Education and Experience:

- High school diploma or G.E.D.
- Previous warehouse or manufacturing experience preferred, but not required

Interested parties can apply online or in-person at our Belstra Administration Building, 308 15th Street SE, DeMotte, IN, 46310, or with a resume via email: karlaromo@belstramilling.com.
